HISTORICAL

The International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers, and Helpers was born on September 1, 1893. On that day, at a meeting in Chicago, representatives from the International Brotherhood of Boiler Makers and Iron Shipbuilders, which had been organized on October 1, 1880, and the National Brotherhood of Boiler Makers, which had been formed in Atlanta in May of 1888, resolved to consolidate their organizations. It was decided that William Lee Andrew Johnson, who had served as President of the National Brotherhood, and William J. Gilthorpe, who had been Secretary-Treasurer of the International Brotherhood, would retain these positions in the new organization, and that International Brotherhood President Andrew Kier and National Brotherhood Secretary-Treasurer Raymond Garcia would step aside. It was further agreed that the new organization, to be known as the Brotherhood of Boiler Makers and Iron Shipbuilders of America, would make its headquarters in Kansas City, Kansas.

Two-and-one-half years later, on June 9, 1896, the Brotherhood affiliated with the American Federation of Labor.

In subsequent years, the Brotherhood continued to grow, and in 1902, under the guidance of President John McNeil, who had succeeded President Johnson after his retirement in May 1897, the Helpers Division was formed. Because helpers were barred from sitting in the lodge room with mechanics, this new division had its own local unions and was entirely separate from the Boiler Makers. This would change a decade later when the Helpers Division would be consolidated with the Mechanics Division.

In March 1906, at a special Convention in Kansas City overseen by President George F. Dunn, who had replaced President McNeil in February 1905, the name of the union was changed to the International Brotherhood of Boilermakers, Iron Shipbuilders, and Helpers of America in order to incorporate the newest division. Also at this time, the term "Boiler Makers" was condensed into one word: Boilermakers.

At the 8th Consolidated Convention, held in St. Paul in 1908, three major decisions were made. First, the Helpers Division was granted International vice-presidential representation with the election of John H. Dohney of the Western Division and John F. Schmitt of the Eastern Division. Second, N. W. Quesnel was elected to serve as the first Canadian International Vice President. Finally, with his election, Joseph A. Franklin began his long, and at times tumultuous, tenure as International President. With the exception of a 10-month period — from November 20, 1929, when he was relieved of his duties by the International Executive Council and replaced by Assistant International President William Atkinson, to September 1930, when he was re-elected by the delegates at the 15th Consolidated Convention — J. A. Franklin held the position of International President until his 1944 retirement at the 17th Consolidated Convention.

During his presidency, Franklin oversaw many changes in the organization. He served with five different Secretary-Treasurers including William J. Gilthorpe, who retired in 1914 with over 19 years of service, Frank Reinmeyer (1914-1920), Joseph Flynn (1920-1926), Charles F. Scott (1926-1936), and William E. Walters (1936-1945). In addition, President Franklin affiliated the Boilermakers with the National Building Trades Department of the American Federation of Labor in February 1931. Most impressive, though, is the tremendous membership growth that occurred during Franklin's presidency. At the turn of the century, total membership stood at about 8,500, but by Franklin's retirement, due in part to dramatic increases in the shipbuilding, railroad, and fabrication shop industries during World War II, the Boilermakers numbered over 350,000.

After Franklin's retirement in 1944, Charles MacGowan was elected to serve as International President by the delegates of the 17th Consolidated Convention. About a year later in 1945, International Secretary-Treasurer Walters passed away and the International Executive Council elected William J. Buckley to the office.

Under the direction of these two men, the Boilermakers continued to progress. On January 22, 1948, construction of the New Brotherhood Building began, and in September 1949, International headquarters moved to its current location — the fifth floor of the new building.

Five years later, International President MacGowan and International Secretary-Treasurer Buckley presided over the Boilermakers' 19th Consolidated Convention in Minneapolis, which merged their organization with the International Brotherhood of Blacksmiths, Drop Forgers, and Helpers. The International Brotherhood of Blacksmiths was organized in 1889, and added Helpers to both their membership and their name in 1901. A 1919 merger with the Brotherhood of Drop Forgers created the union that, on June 29, 1953, merged with the Boilermakers to form the International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers, and Helpers. A year later, a new International seal was adopted to include all crafts.

In 1954, International President MacGowan retired and the International Executive Council elected William Calvin as his replacement. President Calvin served until his death on January 27, 1962, whereupon International Vice President Russell K. Berg was elected by the International Executive Council to succeed him.

During President Calvin's term, several important services were created by the Boilermakers union: the Boilermaker National Health and Welfare Fund (Oct. 1, 1954); the Boilermakers National Joint Apprenticeship Fund (Nov. 9, 1959); and the Boilermaker-Blacksmith National Pension Trust (Oct. 1, 1960).

In 1958, International Secretary-Treasurer Buckley died and the International Executive Council elected International Vice President Homer E. Patton as the new International Secretary-Treasurer.

At the 24th Consolidated Convention in August 1973, International President Harold J. Buoy, who had been promoted from his position of Special Assistant to the International President upon the retirement of R. K. Berg in 1970, and International Secretary-Treasurer Charles F. Moran, who had replaced Homer Patton after his retirement on March 31, 1973, were each elected to a four-year term.

At the 25th Consolidated Convention in Vancouver, British Columbia, an International Executive Council sub-committee, led by Southeast International Vice President Charles W. Jones, proposed the establishment of a Construction Division at International headquarters to service members with employment in or related to the construction industry. After extensive debate, delegates to this 1977 convention voted by majority action to establish a Construction Division at International headquarters.

In 1983, Harold Buoy retired and International Vice President Charles W. Jones was elected International President by the International Executive Council.

The next year, on March 15, 1984, the delegates to the Special Merger Convention of the United Cement, Lime, Gypsum, and Allied Workers International Union (CLGAW) voted to merge with the International Brotherhood of Boilermakers, Iron Shipbuilders, Blacksmiths, Forgers, and Helpers. The merger of the CLGAW, and its 10,000 members (which dominated the building products and supplies industry) with the Boilermakers union, forged an organization with a greater ability to provide services to its members, and set the stage for the next Boilermaker convention.

Almost two-and-one-half years later, in August 1986, delegates met at the 27th Consolidated Convention in Hollywood, Florida. After spirited debate and internal division, International President Jones and International Secretary-Treasurer Don Whan, a Canadian International Vice President who had been chosen to succeed International Secretary-Treasurer Moran after his retirement earlier in the year, were re-elected to their respective positions.

After the 27th Convention, political and ideological differences within the organization calmed, though those who lost their bid for higher office and control of the union did lure a few thousand members into an independent group called the Independent Workers of North America. This outfit, headed by the former president of the CLGAW and a former Boilermaker Vice President, ultimately failed, and the members were absorbed by the Papermakers, an AFL-CIO affiliate.

Five years after the 27th Consolidated Convention, political wounds had healed and the Boilermakers were once again a unified body. The 28th Consolidated Convention was held in Las Vegas, Nevada, in August 1991. International President Charles W. Jones and International Secretary-Treasurer Jerry Z. Willburn, a director of the National Transient Division who had been elected to succeed International Secretary-Treasurer Whan after his retirement on April 1, 1989, were unanimously re-elected along with the entire International Executive Council.

Having completed the 28th Consolidated Convention as a unified Brotherhood, International President Charles W. Jones began to seek out compatible merger partners. In July 1993, contact was made with the Stove, Furnace, and Allied Appliance Workers International Union — a skilled trade union that was organized in 1891. Discussions ensued and a merger of the two Brotherhoods was consummated October 1, 1994. The Stove Workers, with 5,800 members, became a division of the International Brotherhood known as the Stove, Furnace, Energy, and Allied Appliance Workers Division. The word energy was added to give special recognition to the coal miners within that division. The division's members are employed primarily in the manufacturing of stoves and various types of appliances.

Merger talks were also being carried out with an independent union known as the Western Energy Workers. This one-local union, formed in 1978 with members employed in the coal strip pits, signed a merger agreement with the Boilermakers effective December 1, 1994.

In August 1996, the 29th Consolidated Convention was held in Las Vegas, Nevada. International President Charles W. Jones and International Secretary-Treasurer Jerry Z. Willburn were unanimously re-elected. All members of the International Executive Council were also re-elected.

Shortly thereafter, ongoing merger discussions culminated in an agreement with the Metal Polishers, Buffers, Platers, and Allied Workers International Union. This union was also an old line, skilled trade union that was organized in 1892. Effective October 12, 1996, this merger brought 4,000 new members, who are employed primarily in plating and polishing shops within the United States and Canada.

Upon his retirement in 2003, International President Charles W. Jones was succeeded by Newton B. Jones. Two years later, in 2005, International Secretary-Treasurer Jerry Z. Willburn retired and was succeeded by William T. Creeden.

Delegates to the 31st Consolidated Convention in July 2006 re-elected International President Newton B. Jones and International Secretary-Treasurer William T. Creeden to their first full five-year terms and returned all incumbent International Vice Presidents to office.

With the goal of reducing expenses, delegates granted authority to the International Executive Council to decrease the number of International officers (set at 11 going into the convention) through attrition. In addition, the International Executive Council was granted authority, upon the recommendation of the International President, to realign territorial sections and the administration of the divisions, and to consolidate or redistribute the duties among other officer positions in conjunction with any office elimination.

At the 32nd Consolidated Convention in July 2011, delegates re-elected all International officers by acclamation. The officers ran as a slate that included

International President Newton B. Jones, International Secretary-Treasurer William T. Creeden, and International Vice Presidents Larry McManamon, Joseph Maloney, Edward Power, J. Tom Baca, Warren Fairley, James Pressley, and D. David Haggerty.

Delegates to the 2011 convention also approved substantial structural changes to the Brotherhood that included establishing a Construction Sector Operations (CSO) Division and an Industrial Sector Operations (ISO) Division. The purpose of the CSO Division is to service members who have an employment relationship in the Construction Sector. It comprises the Construction Sector Division, the National Transient Division, the Quality Control Council, and all other construction industries.

The purpose of the ISO Division is to service members who have an employment relationship within the Industrial Sector. It comprises the Cement, Lime, Gypsum, and Allied Workers (CLGAW) Division; the Shipbuilding and Marine Division; the Railroad Division; the Stove, Furnace, Energy, and Allied Appliance Workers (SFEAW) Division; and members engaged in manufacturing, including boiler manufacturing; blacksmithing; forging; and all other non-construction industries.

PREAMBLE

In a representative democracy the economic guarantee of liberty, the natural right of those who toil to enjoy with their families the products of their labor, is uniquely essential to the welfare of a people.

In an organic unity, social justice demands recognition of this inalienable right. An organization that draws workers together, affording mutual assistance in securing just wages, reasonable hours and favorable conditions of employment, requires recognition of this natural propensity of man to live in society; cooperation, friendliness, and good understanding demand the forthright acceptance of duties among workers and mutual responsibilities between them and their employers.

Therefore, in furtherance of the ultimate purpose of social justice, cooperation, and good understanding and in order to assist our fellow craftsmen to continue their advancement, we have organized this International Brotherhood of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers, and Helpers, and have adopted this body of law as its International Constitution.

ARTICLE 1

OBJECTIVES AND GOVERNMENT

1.1 – Name and Composition

1 The name of this organization shall be the International Brotherhood
2 of Boilermakers, Iron Ship Builders, Blacksmiths, Forgers, and Helpers,
3 which shall be composed of the International Brotherhood, including
4 District Lodges, Local Lodges, and Industrial Councils, together with
5 all other subordinate bodies properly chartered by the International
6 Brotherhood. The International Executive Council may alter or amend
7 the name of this organization at any time to facilitate a merger with an-
8 other compatible union. This International Brotherhood shall not be
9 dissolved while there are seven (7) Local Lodges in good standing.

1.2 – Purposes and Objectives

1 This organization is founded on the principle that in a democracy,
2 good unionism is good citizenship. The purposes of this International
3 Brotherhood are to implement the exercise of the natural right of work-
4 ers to organize that they may more securely work with dignity; to es-
5 tablish the contentment of freedom and security; to enable its members
6 to participate actively in self-government; to unite into one Interna-
7 tional Brotherhood all workers eligible for membership, regardless of
8 religion, race, creed, color, national origin, age, or sex; to secure im-
9 proved wages, hours, working conditions, and other economic advan-
10 tages for the members through collective bargaining, through advance-
11 ment of our standing in the community and in the labor movement,
12 and through other lawful methods; to provide educational advance-
13 ment and training for officers, employees, and members; to safeguard
14 and promote the principle of free collective bargaining, the rights of
15 workers, farmers, and consumers, and the security and welfare of all
16 the people by political, educational, and other community activity; to
17 protect and strengthen our democratic institutions and preserve and
18 perpetuate the cherished traditions of democracy; to protect and pre-
19 serve the union as an institution and in the performance of its legal and
20 contractual obligations.

21 It is recognized that the problems with which this International
22 Brotherhood is accustomed to deal are not limited to organization and
23 collective bargaining alone, but encompass a broad spectrum of eco-
24 nomic and social objectives as set forth above and as the union may de-
25 termine from time to time; we, therefore, determine and assert that the
26 participation of this International Brotherhood, individually and with
27 other organizations, in the pursuit and attainment of the objectives set
28 forth herein are for the sole benefit of the organization and its members.

29 This International Brotherhood will strive through collective bar-
30 gaining for immediate objectives, such as reasonable standard of work-

31 ing conditions and hours, just compensation for work done, and an annual
32 family living wage commensurate with our modern society. We
33 seek the cooperation of other progressive, constructive, and intelligent
34 combinations of workers for the attainment of these ends.

35 Thus, by our mutual efforts, and with due regard for the rights of
36 employers and concern for the public interest, there will accrue to the
37 members of this International Brotherhood and those similarly situated,
38 increased benefits and sufficient leisure time to pursue civic, cultural,
39 spiritual, and other beneficial activities.

1.3 – Government

1 The International Brotherhood, when assembled in Convention,
2 shall be the highest tribunal of this International Brotherhood and shall
3 have full jurisdiction over the International Brotherhood and all District
4 and Local Lodges and other subordinate bodies.

1.4 – Powers of the International Brotherhood

1 The powers of this International Brotherhood while in Convention
2 session shall be legislative, executive, and judicial.

2 executive and judicial powers only shall be vested in an International
3 Executive Council, hereinafter called the “Executive Council.”

1.6 – Headquarters

1 The permanent headquarters of the International Brotherhood shall
2 be in Kansas, except that the International President and the Executive
3 Council are authorized and empowered, if they deem such action necessary
4 and to the best interests of the International Brotherhood, to
5 transfer the permanent headquarters of the International Brotherhood.

12.2.2 – Annual Adjustment

13 Every January 1, the monthly Per Capita Tax set forth in Article 12.2.1
14 above shall be adjusted by the percentage increase in average hourly
15 earnings in manufacturing as issued by the Bureau of Labor Statistics for
16 the twelve (12) month period, July to July, immediately preceding an ad-
17 justment date, "rounded" to the nearest Five Cents (\$0.05) with the max-

1 It shall be the duty of any subordinate body of the International

4 of whether to call a strike, or to vote on a proposal from management,
5 shall be taken by secret ballot on ballot forms to be furnished by the In-
6 ternational Secretary-Treasurer, at a regular or special meeting of the
7 subordinate body involved, provided that if approved or directed by

11 body shall be given adequate notice that a strike vote, or a vote on a
12 proposal from employers on settlement, will be taken, such notice to be
13 given in a manner reasonably calculated to reach such membership.
14 Only those members who are actually employed, or those members of
15 Industrial, Ship Building, or Marine Lodges who have been involuntarily
16 unemployed less than fourteen (14) calendar days, or those mem-
17 bers who are on the current out-of-work list of Construction Lodges
18 available for and seeking work at the time a vote is taken, shall be enti-
19 tled to vote on a strike or a proposal for settlement. Any member who
20 voluntarily has not worked or sought work under the jurisdiction of the
21 International Brotherhood or the member's Local Lodge for the sixty
22 (60) day period preceding a strike or proposal for settlement vote, shall
23 be prohibited from participating in said vote. Before the vote is taken,
24 the membership shall be advised of the issues involved. It shall require
25 a two-thirds vote of such members who are present and voting to ob-
26 tain an authorization for a strike. Authorization to strike shall be subject
27 to the approval of the International President. No strike shall be called
28 which is in violation of an existing collective bargaining agreement or
29 which is otherwise in violation of law. Members who fail to fully partic-

2 for paying strike, lockout, or victimization benefits. Such benefits shall
3 consist of a sum not to exceed One Hundred Fifty Dollars (\$150.00) per
4 week effective August 1, 2006, for each member in good standing who
5 is entitled to receive such benefits as provided in this Article. The Exec-

9 of unemployment due to strike, lockout, or victimization as provided
10 herein, except that any member who has participated in a decertifica-

13 lockout, or victimization benefits, subject to the approval of the Interna-

15 above may be adjusted by the percentage increase in average hourly
16 earnings in manufacturing as issued by the Bureau of Labor Statistics
17 for the twelve (12) month period, July to July, immediately preceding
18 an adjustment date, “rounded” to the nearest Five Cents (\$0.05).

16.3 – Conditions for Payment of Strike Benefits

1 Strike benefits shall be payable only under the following conditions
2 and after the following steps have been taken:

16.3.1 – Authorization

3 The subordinate body involved is in good standing and has obtained
4 strike authorization provided for in Article 16.1.

16.3.2 – Subordinate Body Reporting Requirements

5 The subordinate body involved has submitted a full report of the
6 contemplated strike to the International President setting forth the na-
7 ture of the strike, number of persons involved, and the issues. Such re-
8 port shall be received at International Headquarters in sufficient time to
9 permit the International President to conduct an investigation of the sit-

11 assigned by the International President to perform such function.

16.3.3 – Investigation by International

12 Such representative shall investigate the situation, including the reg-

14 President, who, based on such report and on such other information as
15 the International President may have obtained, shall make recommen-
16 dations to the Executive Council concerning the payment of strike ben-
17 efits. Upon receipt of such report, the members of the Executive Coun-

18 cil shall then vote on the question of whether to provide strike benefits
19 and, if the majority of the Council so vote, such benefits shall be paid.

16.3.4 – Eligibility for Benefit

20 When the International Brotherhood or any subordinate body
21 thereof is involved or engaged in concerted organizing activity and di-
22 rectly involved employees have signed an official application for mem-
23 bership, paid the required initiation and/or reinstatement fee as deter-
24 mined by the International President, and so recorded in the office of
25 the International Secretary-Treasurer, said employees shall, subject to
26 the authorization and approval of the International President as pro-
27 vided under Article 16.1, be eligible for strike sanction and benefits in
28 accordance with Article 16.2. The above situation shall also apply
29 where directly involved employees within the bargaining unit are
30 locked out or forced to take strike action for recognition.

16.4 – Duties of Lodges Receiving Strike or Victimization Benefits

1 Whenever a strike is called in respect to which the payment of
2 strike benefits is being requested, the Secretary-Treasurer of the subor-
3 dinate body involved shall establish a strike roll in duplicate on forms
4 provided by the International Secretary-Treasurer, containing the
5 names, addresses, and register numbers of all members on strike or
6 those victimized and who are claiming benefits. A copy of such roll
7 shall be forwarded to the International Secretary-Treasurer each week
8 that the strike or victimization is in progress. The strike or victimiza-
9 tion roll shall be signed in accordance with instructions issued by the
10 International Secretary-Treasurer. Only members who sign the weekly
11 strike or victimization roll shall be eligible for benefits for such week.
12 The strike or victimization rolls shall be kept in the official files of the
13 subordinate body for a period of one (1) year after the termination of
14 such strike or victimization and shall at all times be subject to inspec-
15 tion by an authorized representative of the International President.
16 Any member who is either gainfully employed or receiving unemploy-
17 ment compensation, workers' compensation, or accident and sick-
18 ness benefits, shall not be eligible to sign the weekly strike or victim-
19 ization roll. Any member who leaves the strike area or fails to perform
20 assigned picket duty when requested unless excused by the officer in
21 charge shall not be eligible to sign the weekly strike or victimization
22 roll. Members receiving strike or victimization benefits shall be enti-
23 tled to free dues for each full calendar month the strike or victimiza-
24 tion is in progress in which no more than four (4) days employment is
25 received. Such benefits shall be paid by the International Secretary-
26 Treasurer on the basis of the official strike roll. Each member receiving
27 strike or victimization benefits shall sign a note in duplicate, and such

28 duplicate shall be forwarded to the International Secretary-Treasurer
29 reading as follows:

30 State _____ City _____ Date _____

31 If I am either gainfully employed or receiving unem-
32 ployment compensation, workers' compensation, or

34 timization benefits during such period of time, I hereby
35 further agree to pay back to the International Brother-
36 hood the full amount of strike or victimization benefits
37 received by me during such period of time.

38 I further agree that in the event the International
39 Brotherhood instigates litigation against me in order to
40 enforce the above agreement I shall pay all of the cost
41 incurred by the International Brotherhood.

42 Name _____

43 Address _____

44 Register No. _____

16.5 – Termination of Strike Benefits

1 Strike benefits shall be payable as long as the strike shall continue;
2 provided, however, that the subordinate body involved in the strike
3 shall make every reasonable effort to terminate the strike; and provided
4 further that a representative of the International President shall be kept
5 fully informed of the progress of negotiations and shall be entitled to
6 participate in such negotiations in an advisory capacity. If such repre-
7 sentative determines that any employer offer should be submitted to
8 the membership affected by the strike for a vote as to their acceptance,
9 the representative shall be authorized to conduct such vote which shall
10 be taken by secret ballot at a meeting of which such members have been
11 given reasonable notice, a majority of those attending and voting to de-
12 cide the issue, but provided that such representative may authorize a
13 vote to be taken by other appropriate means or manner. It is further
14 provided, however, that the International President, with the consent
15 and approval of the Executive Council, shall have the authority to ter-
16 minate the payment of strike benefits at any time that it is determined
17 that further benefit payments are not warranted.

16.6 – Lockout or Victimization Benefits

1 Lockout or victimization benefits in the same amount as strike bene-
2 fits may be paid to any member in good standing who is neither gain-
3 fully employed nor receiving unemployment compensation, workers'
4 compensation, or accident and sickness benefits, and has lost employ-
5 ment by reason of being locked out by the member's employer or dis-
6 charged while acting under instructions of the member's subordinate
7 body, or a committee of such subordinate body. Such benefits shall be

8 payable at the discretion of the International President upon approval
9 of the Executive Council if, upon investigation, it is determined that
10 such payments are warranted, and shall continue for such period as the
11 lockout continues or the International President and Executive Council
12 may determine.

**16.7 – Limitation of Responsibility
of International Brotherhood**

1 Strike authorization and/or payment of strike benefits by the Inter-
2 national Brotherhood does not constitute responsibility for, authoriza-
3 tion, or approval of any illegal action or activities of any subordinate
4 body, its officers, or members who are engaged in a strike.

58 where there is no Business Manager, by the President of the Local
59 Lodge having the jurisdiction over the territory.

17.2 – Charges and Notice of Trial

17.2.1 – Charges

1 Charges of violation of this Constitution or subordinate body By-
2 Laws may be made by any member in good standing who has knowl-
3 edge of the alleged violation. Charges shall at all times be made in good
4 faith and within sixty (60) days after the date that the alleged violation
5 occurred. However, this time limit will not apply to those charges
6 wherein the basic facts and evidence pertaining thereto could not be ac-
7 cumulated or made known within that period of time. In no event will
8 any charge be processed which is based on an alleged violation occur-
9 ring more than one (1) year prior to the filing of such charge except that

10 this time limit shall not apply to any charge alleging a violation of Article
11 17.1.7. Failure to file charges in good faith or malicious or wanton
12 filing of charges shall subject the charging party to disciplinary action
13 and punishment. Charges shall be set forth in writing and a copy of the
14 charges served upon the individual or body being charged by registered
15 or certified mail, with return receipt requested to last-known address,
16 and a copy thereof filed with the President of the Local Lodge and the
17 International President. Charges shall set forth with sufficient definiteness
18 to inform the accused of the nature and circumstances of the violations
19 complained of, together with a reference to the particular subsection of
20 Article 17.1 under which the charges were brought. If the charges are not
21 filed in conformance with this paragraph, the International President is
22 authorized to dismiss said charges. Article 17 proceedings are to address
23 and remedy serious violations of this Constitution or subordinate body
24 By-Laws. Accordingly, referral disputes shall be resolved through the
25 referral disputes procedure, while contractual violations shall be resolved
26 under the grievance procedure of the applicable labor agreement. Other
27 disputes, such as personal or political disputes or differences shall be
28 addressed through the Grievance Adjustment Procedures provided in
29 Article 5.7 of this Constitution. The foregoing notwithstanding, circumstances
30 may arise in which conduct implicating the collective bargaining agreement
31 and/or referral procedures may also be appropriately addressed through
32 Article 17 proceedings.
33

17.2.2 – Notice of Trial

34 Upon receipt of notification from the International President that
35 charges have been properly filed, the Lodge President or the International
36 President (where the International President has assumed jurisdiction) will,
37 within a reasonable period of time, establish a date for an informal hearing
38 between the parties directly involved, and a sincere effort will be made
39 to resolve the matter at this point. If the charges are disposed of as a
40 result of this informal hearing, the agreement reached by the parties shall
41 be reduced to written form, signed by the parties directly involved therein
42 and witnesses thereto. However, if the matter is not concluded on such
43 informal basis, the Local Lodge President or the International President,
44 as the case may be, shall fix a time for trial which shall be not later
45 than forty-five (45) days following receipt of such charges and shall
46 give the accused at least fifteen (15) days notice of the time and place
47 of a hearing on such charge at which such accused shall appear and
48 defend. If the accused fails to appear, unless postponement has been
49 granted for good cause, the trial shall nevertheless proceed. Similar
50 notice shall be given the charging party and all directly involved parties.
51

17.2.3 – Dismissal of Charges

52 In circumstances where the International President determines that it
53 is in the best interest of the International Brotherhood and its members,
54 the International President may direct that the charges be dismissed as
55 lacking in merit, as involving minor disputes, or for such other reasons
56 as the International President deems appropriate; that any or all time
57 limits for handling said charges be held in abeyance for a reasonable
58 period of time; or that the dispute be resolved in some other forum or in
59 some other manner deemed by the International President to be appropriate
60 under the circumstances; provided, however, that no penalty
61 may be assessed against the accused member over that member's objection
62 absent a formal hearing as provided for in this Article. If not satisfied
63 with the International President's decision, the Charging Party
64 may appeal, in writing, by registered or certified mail, to the Executive
65 Council, providing the appeal is received by the Executive Council
66 within fifteen (15) days from the date of the International President's
67 decision. In cases of appeal, the International President will postpone
68 further action on the dispute pending final decision from the Executive
69 Council. The decision by the Executive Council shall be final and binding.
70

17.3 – Trial Bodies

17.3.1 – Local Lodge Jurisdiction

1 Local Lodges shall have jurisdiction to hear charges, through a trial
2 body, involving their members or their officers, or members working or
3 seeking work in their jurisdiction if the offense is there committed, subject
4 to the provisions of Articles 17.2.3 and 17.3.2. The trial body of the
5 Local Lodge shall consist of a panel of three of the elected officers of
6 such Lodge as decided by the elected officers. No charging or other directly
7 involved party shall sit as a member of a trial body, and any member
8 of a trial body may be challenged for cause and, if the trial
9 body finds cause to exist, such member shall vacate that position and
10 the President shall fill such vacancy by appointment. In the event such
11 vacancy cannot be filled by a Local Lodge officer, the Local Lodge shall
12 elect from among the members of the Local Lodge to fill such vacancy.

17.3.2 – Executive Council Jurisdiction

13 The Executive Council shall have jurisdiction to hear charges of violations
14 of this Constitution by any member or subordinate body of the
15 International Brotherhood if in the judgment of the International President
16 the circumstances warrant. It can exercise such jurisdiction even though
17 charges are pending before a Local Lodge. The Executive Council shall
18 have exclusive jurisdiction to hear charges against subordinate
19 bodies and against International Officers. Any member of the Executive

20 Council who is directly involved in the proceedings so that the Council
21 member cannot function in an impartial manner shall not participate in
22 the proceedings or be subject to challenge for cause.

17.4 – Trial Procedure

17.4.1 – Conduct of Hearing

1 In all hearings, trials, and other matters which are to be decided and
2 acted upon by the Executive Council, the conduct of the hearing and
3 the taking of evidence may be performed by a member or officer of the
4 Brotherhood or by a panel duly appointed by the International Presi-
5 dent to act in the matter. The required report to the Executive Council,
6 copy of the record made at the hearing or trial, together with exhibits
7 will be forwarded to International Headquarters and the decision in the
8 case shall be made by the Executive Council based on such report and
9 record.

17.4.2 – Minutes of Proceedings

10 At every hearing, whether conducted on the Local or International
11 level, minutes of the proceedings shall be kept together with a sum-
12 mary of the evidence and the testimony of witnesses. If a verbatim
13 record is desired by any party to the proceedings, the union shall pro-
14 vide same and such party shall bear the costs of same, and other di-
15 rectly involved parties desiring a copy shall pay the costs of such copy.

17.4.3 – Representation and Cross Examination

16 Either party shall have the right to confront and cross-examine wit-
17 nesses and to be represented only by a member except one in a supervi-
18 sory capacity. No non-members, other than witnesses and official re-
19 porter, if any, shall be permitted to attend the hearing. Witnesses, except
20 when testifying, shall be excluded upon the request of an opposing
21 party or at the discretion of the trial body or Hearing Officer. The trial
22 body or Hearing Officer shall have authority to limit the attendance of
23 members if necessary to preserve order.

17.4.4 – Decision of Trial Body

24 As soon as possible, but not more than twenty-one (21) days after the
25 conclusion of the trial, or in cases where verbatim transcript is involved
26 within twenty-one (21) days after receipt of transcript, unless otherwise
27 determined by the International President, the trial body shall make a
28 decision in writing and send a copy to the accused and other directly
29 involved parties by registered or certified mail, with return receipt re-
30 quested to last-known address. If the accused is found guilty, the trial
31 body shall establish the penalty and set it forth in its decision. Penalties
32 should be imposed according to the nature of the offense.

17.5 – Penalties

17.5.1 – Types of Penalties

1 Penalties for violations of this Constitution may include reprimand,
2 fine, suspension from office or from membership rights for a stated pe-

5 right to speak or vote at meetings for a stated period, revocation of
6 Withdrawal Card, expulsion from membership, suspension or revoca-
7 tion of charter, or a combination of any of the foregoing.

17.5.2 – Notification

8 Subordinate bodies which have imposed any penalty under this Ar-
9 ticle shall immediately notify the International President and Interna-
10 tional Secretary-Treasurer thereof in writing.

17.5.3 – Removal from Premises

11 Any person violating the provisions of Article 17.1.14 shall be re-
12 quired to leave the premises. If the conduct involved warrants further
13 action, it shall be necessary to prefer charges and have a hearing con-
14 ducted thereon as provided in this Article.

17.6 – Appeals

17.6.1 – Written Appeal to Executive Council

1 The decisions of Local Lodge trial bodies may be appealed to the Ex-
2 ecutive Council by any party adversely affected by such decision. Ap-
3 peals shall be in writing and filed with the International President by
4 registered or certified mail to be received by the International President
5 within fifteen (15) days of the date the trial body decision is mailed and
6 shall state the basis for the appeal. Pending action on any appeal, all
7 penalties that might have been prescribed shall continue in effect, in-
8 cluding payment of fines, unless otherwise directed by the Interna-
9 tional President.

17.6.2 – Disposal of Appeal

10 The Executive Council may dispose of the appeal as the circum-
11 stances and record warrant, including remand for further proceedings
12 or retrial, including alteration, change, or modification of penalty.

17.6.3 – Decisions Involving an International Officer

13 Decisions of the Executive Council shall be final, except that deci-
14 sions of the Executive Council finding an International Officer guilty of
15 charges of violations of the Constitution may be appealed to the next
16 Convention. If any such Officer desires to appeal, that Officer shall file

17 such appeal with the International Secretary-Treasurer within thirty
18 (30) days after receiving the decision.

ARTICLE 18

TRUSTEESHIPS

18.1 – Authority For

1 The Executive Council shall have authority to place any subordinate
2 body under trusteeship if it is satisfied after notice and hearing that a
3 trusteeship is warranted and the interests of the International Brother-
4 hood so require. If it appears that a trusteeship may be necessary, such
5 hearing shall be conducted as provided for in Article 17.4.1. The subor-
6 dinate body involved shall be given at least ten (10) days written notice
7 of such trusteeship hearing. Interested officers and members, including
8 representatives of the International Brotherhood, may appear at such
9 hearing to present evidence as to why a trusteeship should or should
10 not be imposed. Grounds for the imposition of trusteeships shall in-
11 clude secession or threatened secession; dissolution or threatened dis-
12 solution; dissipation or loss of funds or assets or financial malpractice
13 or corruption or threat thereof; violation or threatened violation of col-
14 lective bargaining agreements; the deprivation of democratic proce-
15 dures and other activities constituting a violation of this Constitution
16 and threatening the welfare of the subordinate body membership or the
17 International Brotherhood. If upon the evidence introduced at the
18 trusteeship hearing and all the circumstances the Executive Council is
19 satisfied that a trusteeship is required, it may impose a trusteeship for
20 such period as it deems reasonably necessary, and place a trustee ap-
21 pointed by the International President in charge of the activities of the
22 subordinate body.

18.2 – Administration of Trusteeship

1 Such trustee shall have the right, upon demand, to all the funds,
2 properties, books, and assets of the trustee body for the period that the
3 trustee is in charge. Such properties shall be held in trust for the benefit
4 of the subordinate body and expended only to the extent necessary for
5 the proper conduct of the affairs of the subordinate body. The trustee
6 shall be adequately bonded. The trustee so appointed shall be author-
7 ized and empowered to remove any or all officers and appoint tempo-
8 rary officers for the duration of the lodge's trusteeship and to remove or
9 replace other representatives or employees of such trustee body, and
10 to take such other actions as in the trustee's judgment are necessary for
11 the preservation of the subordinate body and its assets, all subject to the
12 direction, instructions, and approval of the International President. Any
13 officers who may be suspended by the trustee under the provisions of
14 this section shall surrender to the trustee upon proper receipt therefor,

15 all monies, books, and properties of the subordinate body. Temporarily-
16 appointed officers shall be members in good standing of such subordi-
17 nate body. At the termination of the trusteeship, the officers who have
18 been suspended shall resume their offices for the balance of the term
19 unless the trustee, with the approval of the International President and
20 after hearing, determines that any particular officer shall be removed.
21 In the event of such removal, the vacancy shall be filled under the pro-
22 visions of this Constitution. The trustee shall be empowered to pay all
23 claims which are properly approved if funds therefor are available and
24 in all necessary particulars to conduct the affairs and management of
25 the subordinate body with the assistance of the temporary officers
26 herein provided for until the trusteeship is terminated. Expenses in-
27 curred by reason of the trusteeship shall be paid out of the funds of the
28 subordinate body, if they are available, otherwise they shall be borne by
29 the International Brotherhood. During the period of trusteeship, no
30 funds of the trustee body except normal Per Capita Tax and other fi-
31 nancial obligations normally payable by subordinate bodies shall be
32 transferred to the International Brotherhood unless the subordinate
33 body is dissolved. Such trusteeship shall be continued no longer than is
34 necessary to coordinate and reorganize the affairs of the subordinate
35 body and shall in all events be concluded as soon as practicable within
36 the judgment of the International President subject to the approval of
37 the Executive Council; provided, however, that the trustee subordi-
38 nate body shall have the right to appeal to the Executive Council for re-
39 moval of the trusteeship if it is deemed that such trusteeship has served
40 its purpose. If it becomes necessary to revoke permanently the charter
41 of the subordinate body, then any balance remaining to the credit of the
42 subordinate body and other properties shall be forwarded to the Inter-
43 national Secretary-Treasurer.

18.3 – Emergency Power of the International President

1 In any situation in the judgment of the International President,
2 where grounds for the establishment of a trusteeship exist or grounds
3 for suspension of a subordinate body officer exist, and in addition the
4 activities of the subordinate body or of its officers or membership are
5 such as to create an emergency imminently threatening the welfare,
6 funds, or property of the subordinate body, then the International Pres-
7 ident may summarily place a subordinate body in trusteeship, subject
8 to a subsequent hearing by the Executive Council as set forth in Article
9 18.1. Such hearing shall be held within fifteen (15) days after the im-
10 position of such emergency trusteeship. If in the International President's
11 judgment the situation warrants, the International President may at any
12 time within thirty (30) days of the imposition of the emergency trustee-
13 ship terminate same. In the event the International President does not

14 terminate the emergency trusteeship within thirty (30) days, the Execu-
15 tive Council, as soon as practicable thereafter upon the evidence intro-
16 duced at the trusteeship hearing and all the circumstances relating
17 thereto, shall take action in accordance with Article 18.1.
